INSTALLATION INSTRUCTIONS

22738 Pulsator Valve

For use on P54, P58 & P59 pumps

- 1). Remove center plug from the front of the pump manifold.
- 2). Adjust the hand wheel (3) on the pulsator until it is all the way out by turning it counter clockwise. (Note: the handwheel will stop when it is all the way out.)
- 3). Install the pulsator assembly into the center port and tighten with a wrench.

OPERATING INSTRUCTIONS

- 1). To use the pump as a pulsating pump, turn the handwheel (3) clockwise until it is tight.
- 2). To use the pump as a pressure washer, turn the hand wheel counterclockwise until it stops.

WARNING: This product might contain a chemical known to the State of California to cause cancer, and birth defects or other reproductive harm.
