

Round Jet Insert Nozzles (Type 0952)

- To be used with High Pressure Gun KSP 3000 and Dump Gun K2500

Technical Data

- Operating Pressure - 43,500 PSI (3000 bar)
- Conical Sealing - Suitable for High Pressure Connections with 59° cone
- Sapphire Inserts Made of Al_2O_3
- Housing made of rustproof and acid proof stainless steel (1.4112)
- Nozzle factor: 0.72
